

## Invent GSI Program

K12 Academy is an innovative internship platform that provides internships through their global platform. Many international schools are participating in this program. Our school is also the part and parcel of this program. Our students can receive multiple benefits such as running an enterprise, building a strategy, career aspiration and commitment. It helps them to build their dream in their chosen domain.

A graphic introducing the team members of the Invent team. On the left, a purple scroll-like frame contains the text 'CEO ANNA PURNA PRAVALIKA' and a portrait of a woman. Four red arrows point from this frame to four yellow scroll-like frames on the right, each containing a title, a name, and a portrait of a team member.
